

RECRUITMENT OF STUDENTS

With regard to recruitment of students, the Edmond Public Schools may disclose any of the items listed as directory information without prior written consent, unless notified in writing to the contrary. The parent, legal guardian of the student, or the student aged 18 or over may also provide written notification to the school administration requesting directory information not be released to military service recruiters.

Subject to the provisions of state and federal laws, Edmond Public Schools shall provide the same directory information and on-campus recruiting opportunities to representatives of the armed forces of the United States of America and state armed services as are offered to non-military recruiters, recruiters for commercial concerns, and recruiters representing career-technology centers and institutions of higher education.

The school site principal may make the determination of when the recruitment meetings are to take place and reserves the right to deny such meeting where the holding of such meeting will materially and substantially interfere with the proper and orderly operation of the school. Organizations wishing to recruit at the high school must make arrangements with the principal/designee who will determine the schedule for the recruitment meeting. Scheduled visits by recruiters will be made known to the student body. On-campus follow-up meetings with individual students will be permitted only upon the request of the student(s) and with the approval of the building principal/designee.

Any person or organization denied the rights accorded under this policy shall have the right to request a review of the decision by the board of education by filing a written request with the superintendent of schools.
