IMPORT PRODUCTS/BUY AMERICAN ACT

The 1998 reauthorization of the National School Lunch Act requires school districts participating in the National School Meals Programs in the contiguous 48 states of the United States to buy food products produced in the United States (domestic) when using Federal Funds. Therefore, if there is a domestic and non-domestic product available, you must propose and supply domestic products. You may supply non-domestic products only when domestic products are unavailable. As defined in this legislation, a domestic food commodity is an agricultural commodity that is produced in the United States. A domestic food product is processed in the United States using substantially domestic agricultural commodities. Substantially means that over 51 percent of the finished product come from American produced products. Implementing Federal Regulations are 7 CFR 210.21 and 220.16 published on September 20, 1999. You may be required to provide certification of domestic origin and content. You must certify that the majority of products you propose to supply meet the Federal Requirement in the "Buy American Acts" and stipulate which specific products are unavailable domestically. Exceptions to this rule are pineapple, mandarin oranges, olives, tuna fish, tea, spices and coffee. Products not in compliance with this section shall be in violation of the Federal "Buy American" policy. This purchasing requirement does not apply in instances when:

- a) The District/Cooperative has unusual or ethnic food preferences which can only be met through purchases of products not produced in the United States
- b) The product is not produced in the U.S. in sufficient and reasonable quantities of a satisfactory quality
- c) The cost of the US product is significantly higher than foreign products.

The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "suspended," "ineligible," "lower tiered covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded" as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this form that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this form that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion—Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determined the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List.
8. Nothing contained in the foregoing shall be construed to require the establishment of a system of records to render in good faith the certification required by the clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph five of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
