WORKSTATION TECHNICAL SUPPORT REQUIREMENTS

EPS Bid # 22-12

All workstations and ultrabooks must carry a minimum 3-year national warranty from the original manufacturer. Vendor must provide written documentation stating specific warranty coverage.

Warranty coverage can be either “**On-Site Parts and Labor**” or a “**Self Service Warranty Program**” as defined below.

On-Site Parts and Labor

The manufacturer or authorized reseller (vendor) will be required to provide a certified technician who will respond, in person at the school site, to all service calls involving hardware performance issues. The vendor will assign a certified technician to support the warranty service for the duration of the warranty period. A representative of the EPS Technology Department must pre-approve all vendor technicians before they will be permitted to come on site.

The certified technician will be expected to:

- Come on-site to the location of the equipment;
- Check into the office upon arriving at a school site and obtain a visitor pass;
- Wear company identification while in the schools;
- Perform the appropriate diagnostics and trouble shooting procedures necessary to determine the exact problem and solution needed to correct the hardware issue;
- Order, install, and configure the defective hardware component and return the equipment to its original condition.

The cost of these services, including travel, parts, and labor, will be at the expense of the manufacturer or authorized reseller. EPS will incur no cost for such services to include travel, labor, or parts. If the final determination regarding the problem with the computer is not related to the hardware components, the vendor is authorized to charge EPS for one hour of labor at an agreed upon service rate. If the work performed is under warranty, or if charges are incurred, an invoice will be provided to EPS, listing all work performed.

Self Service Warranty Program

EPS will accept a self service warranty program that meets the following criteria:

- There must be no additional charge to EPS for certifying up to 4 of our technicians to perform warranty repairs.
- There must be no “on the phone” or other formal troubleshooting process required to obtain replacement parts.
- There must be no additional charges for postage, delivery, shipping, deductibles, etc. Warranty service must be completely free of additional costs to EPS.
