Making a Marvelous Movie with Steven Fletcher and Bill Glover

Sessions 1-4, Grades 3-5

You'll combine moving making and reader's theater to bring comics to life. Skills you'll learn include filming, editing, directing, producing, stunt work, costuming, sound design, acting, and script writing. Come and learn all these skills and more! 30 spots available each session. Must have 20 students for class to make.

Environmental & Recycle Art with by Linda Lyle

Sessions 1-3, Grades K-5

Create art from objects found in nature. You'll also use found and discarded objects to make works of art. Bring water, a snack, and sunscreen for nature hike each day. Bring discarded objects like: empty box, small bag, old keys, bottle caps, jar lids, etc. 15 spots available each session. Must have 10 students for class to make.

Art from Around the World with Rebecca Courtney and Jalene Hawkins

Session 1, Grades 3-5

Students will study and create art from different countries and cultures from around the world. 24 spots available for session. Must have 20 students for class to make.

Art-Rageous with Jennifer Brickman

Sessions 1-4, Grades 3-5

Students will explore a variety of arts and sciences based on a S.T.E.A.M. lesson framework. (Science, Technology, Engineering, Arts and Mathematics). Each session will have a different theme: Session 1-Reduce, Reuse, Recycle; Session 2-Under the Deep Sea; Session 3-Dinosaurs and Creatures of the Past; Week 4-Mad Science. 12 spots available each session. Must have 10 students for class to make.

¡Me encanta el español! with Lindsay Ihrig

Session 3, Grades K-5

Join us as we learn about the Spanish language and culture through art, music, games, and much more. 16 spots available each session. Must have 10 students for class to make.

Exploratory German Language Lower Grades with Vera von Neumann

Sessions 2 and 3, Grades 1-3

Introductory lessons will be taught (saying hello, how are you, celebrating birthdays, etc.). This class will be a playful approach to German lessons providing early access to language instruction and creating opportunities for students to learn German at advanced levels. 12 spots available each session. Must have 10 students for class to make.

Exploratory German Language Upper Grades with Margy White

Sessions 2 and 3, Grades 3-5

Introductory lessons will be taught (saying hello, how are you, celebrating birthdays, etc.). This class will be a playful approach to German lessons providing early access to language instruction and creating opportunities for students to learn German at advanced levels. 12 spots available each session. Must have 10 students for class to make.

Drama/Odyssey of the Mind with Robin Lasak

Sessions 1, 2, and 4, Grades 3-5

This class will help students learn basic theater skills as well as communication, problem solving, and friendship skills. Students will work together to write a script, create a set and props in order to perform a short play. 20 spots available each session. Must have 10 students for class to make.

Ukulele & Games with Janna O'Connor

Sessions 1-4, Grades 2-5

This class will teach kids beginner ukulele techniques and songs. When our fingers get tired, we will play music games. 20 spots available each session. Must have 10 students for class to make.

Heeeeey Ocarinas! with Lauren Wheeler

Sessions 2-4, Grades 3-5

Come and learn some fun new songs on the 12-hole Ocarina! We will learn music from Legend of Zelda, Super Mario, Fortnite, animes, and more! Due to the size of the ocarina and its tone holes, this class is best for students who are entering 4th-6th grades. We will also be playing fun music/song games to give our fingers a break when needed. 12 spots available each session. Must have 10 students for class to make.

Kids Can! with Hannah Morgan and Peggy Robertson

Sessions 1-4, Grades K-5

Kids Can! Is a class to inspire the curiosity and imagination of your child. We will explore the colors of the rainbow as well as a simple snack creation and problem solving. It promises to be a fun-filled time! Join us to dive into all kids CAN do! 25 spots available each session. Must have 10 students for class to make.

Games, Games, Games with Angie Smith

Sessions 1 and 2

Games of strategy such as Chess, Mancala, and Set that encourage critical thinking will be taught. 15 spots available each session. Must have 10 students for class to make.

Cooking in the Classroom with Adam Frederick and Robyn Fox

Session 3, Grades 3-5

In this decadent course, students will learn the importance of cooking, along with cooking a few recipes themselves. Through cooking, students will learn valuable skills in reading and math. Students will learn how to read and write recipes, follow directions, measure, and many other things. 30 spots available each session. Must have 10 students for class to make.

Physical Education with Joe Booker

Session 2 and 3, Grades K-5

Physical Education is "education through physical". It aims to develop students' physical competence and knowledge of movement, safely, and their ability to use these to perform in a wide range of activities associated with development of an active, healthy lifestyle. It develops students' confidence and generic skills, especially those of collaboration, communication, creativity, critical thinking, and aesthetic appreciation. These, together with the nurturing of positive values and attitudes in PE, provide a good foundation for students' lifelong and life-wide learning. Students will play a variety of games that will test their mental and physical aptitude, while having tons of fun! 30 spots available each session. Must have 10 students for class to make.
